KNIGHTS OF PYTHIAS SEEKING TO GAIN HONOR FOR CITY

**Lodge Striving to Get Great
Showing of Members for
National Convention**

A regular meeting of Glendale lodge No. 331, Knights of Pythias, was held last night, at which a report of the page rank ceremonials, which were held last Friday at Tournament park, Pasadena, was given. There were over sixty members from Glendale who attended the ceremonials, which were very elaborate and impressive. At that time 500 candidates took the obligation of the rank of page, which was witnessed by approximately 5,000 Pythians of southern California.

At the Pasadena affair, Stanley B. Brown was one of the principal speakers. Frank Kennedy of this city had the distinction of having the part of "Damon" in the ceremonies.

Entertainment Planned

After the regular business meeting last night announcement was made of the entertainment to be given for the members next Tuesday night, September 20. A good program is being planned for that time and refreshments will be served. Members of Glendale lodge will visit Van Nuys lodge next Thursday night.

The members of the Glendale lodge are making an effort to become designated as the "banner" lodge of the order at the convention to be held in San Francisco, August, 1922, and in this way not only boost the city of Glendale, but the lodge itself. "Glendale First" at the San Francisco convention is the slogan adopted by the local lodge of Pythians.

It is stated that a careful survey showed that there are at least 1,000 citizens of this city who have taken the obligation of the Knights of Pythias, and it is the endeavor of the officials of the Glendale lodge to have them affiliate with the local chapter.

Seek Honors for City

As Glendale is at present known all over the United States as the fastest-growing city of its class in this country, so the officers are desirous of having it also known as the home of the banner lodge of the Pythian order.

Supreme Chancellor of the order, F. LaDue, is making a drive for 1,000,000 members in the United States during his term of office, and every subordinate lodge is making an effort to go before this convention as the lodge having made the largest percentage of gain and as such become the banner lodge.

The members of Glendale lodge No. 331, Knights of Pythias, are ambitious for their lodge and proud of Glendale, and they are hoping that they succeed in putting "Glendale First" at the San Francisco convention next year.

Charles Mallett in Possession of Cane From Aged Edifice

Interested in antiquities?

Of course you are. Charles Mallett of 1111 East Lexington Drive possesses a cane which was carved from an oak clapboard taken from a church in Stratford, Conn. The edifice was one of the first in the United States, being built in 1636, according to the legend on the cane handle.

The relic came to Mr. Mallett here after his older brother, Daniel A. Mallett, died at the ripe age of 95. It was one of his treasured possessions. A solid gold band is the only adornment on the walking stick and the nail scars are the only identifying marks.

**Accident to Steering Gear Is
Believed to Have Been
Cause of Accident**

While returning to Sunland from Charter Oak where they had been attending a colony of bees, Edward Gilmacher, a pioneer of Sunland, and J. J. Johnston of Charter Oak, were severely injured this morning when the steering apparatus of their motor car broke on Verdugo road. They were found in the ditch along the road by passing motorists.

Both men were unconscious when taken to the Glendale Sanitarium and Hospital where their injuries were dressed. Mr. Gilmacher is suffering from concussion of the brain and severe facial lacerations while Mr. Johnston is suffering from a painfully strained back.

Cause Is Not Known

Mr. Johnston this noon stated that he did not know what caused the accident unless it was the steering gear. Mr. Gilmacher was unable to talk. Both men have been building house in Sunland vicinity. They will recover, it is believed.

E. Greghins reported to the police today that L. Griffiths of Burbank was the driver of the car which wrecked both machines last night in the vicinity of the pumping station on San Fernando road. No one was injured.

Basket Dinner at Brookside Will Be Held September 25

The good attendance present at the regular meeting of Mary Jane Gillette Tent, Daughters of Veterans, which was held last night in Odd Fellows' hall, 111 East Broadway, Cora Jones presiding, was an indication of the great interest being taken in the work to be accomplished by that organization.

After the usual routine of business, including balloting on candidates, it was decided to conduct a food sale Saturday afternoon, September 24, place to be announced later.

It was also decided that on the afternoon of September 25 the members of the Tent and also of the Sons of Veterans and families will participate in a 2 o'clock basket dinner at Brookside park, Pasadena.

The Nimble Finger club will resume activities Wednesday evening, September 21, at the home of Mrs. Hattie Tiffany, 129 West Los Feliz Road.

Masonry Work Upon S. Berman Building Nearing Completion

S. Berman, the tailor, is looking forward with great anticipation towards moving into his new \$8,000 building on Brand boulevard between Elk and Lomita.

The masonry for this new structure is now nearing completion and work will be started upon the two cement and one wooden floor and the ornate marble front before long. Mr. Berman will occupy the south store room and hopes to move in before the end of another month.

Sometimes it is an advantage to be in a separate building away from a crowded city block," remarked Mr. Berman, "because then those who pass your place of business will notice your establishment more and cannot help but remember its location."

COUNCIL WILL PLAN IMPROVEMENT OF ELK AND OAK

**Special Meeting Will Be Held
Tonight; Property Owners
Invited to Attend**

A special meeting of the City Council will be held tonight at 7:45 o'clock for the purpose of holding a conference with holders of property on Oak and Elk streets relative to street improvements.

Mrs. J. F. Tatlow, secretary-treasurer of the Oak Street Improvement association, stated today that a special meeting of the association was held recently and it was unanimously decided that every property owner on both streets should make it a point to attend tonight's conference at the City Hall.

W. H. Reeves, city manager, has notified property owners of the proposed meeting and it is presumed, there will be a large attendance tonight to hear a discussion of the plans for the improvement of the two thoroughfares.

Councilman S. A. Davis, who is taking a personal interest in the improvement of the streets, said today that he hopes all of the property owners will be present at the conference, so that an agreement may be reached on the kind of improvement to be made.

Heavy Demand for Apartments in City, Says Julius Kranz

The plate-glass window for the corner store in the new \$31,000 building at Brand boulevard and West California avenue, has just been installed and Julius Kranz, who owns the building, expects to rent it to a drug store before long.

The first floor of the structure will consist of three long store rooms on Brand boulevard and two smaller ones on West California avenue. One of the smaller ones is already occupied by Frank H. Wyman's Quality Doughnut Shop and one of the larger by I. D. Wheeler's delicatessen. The second floor will be occupied by apartments.

"I could have rented them fifty times over," remarked Mr. Kranz. "There is a big demand for apartments, now."

MAKES SPECTACULAR ESCAPE FROM SING SING PRISON
OSSINING, N. Y., Sept. 14.—Joseph Sorace, 23, made a spectacular escape from Sing Sing prison before dawn today. He sawed through his cell bars, broke the lock on a trap door to the roof, slid down a frail telephone wire seventy feet to the ground, scaled the wall, dived into the Hudson river and swam to freedom.

WHOLE LIST SHOWS STRENGTH IN EARLY TRADING
NEW YORK, Sept. 14.—The whole list showed strength in the first hour's trading on the New York stock exchange today. Oils were the leaders. Mexican Petroleum made an early high at 119, within a point of the top touched this month. Royal Dutch got above 50. Steels were firm. Republic Iron & Steel retained all its big recovery of yesterday.

IRISH PARLIAMENT SELECTS DELEGATES TO MEETING
DUBLIN, Sept. 14.—The Irish parliament has unanimously approved the reply to Lloyd George's invitation to a peace conference at Inverness September 20. "With a view to a possible conference," it has selected delegates, it was officially announced today. The delegates are: Arthur Griffiths, chairman, and Michael Collins, Barton, Duggan and Duffy.

SAYS CHINA FIGHTING BATTLE OF U. S. IN FAR EAST
WASHINGTON, Sept. 14.—China is "fighting the battle" of the United States and all other nations in the far east, Sao Ke Alfred Sze, Chinese minister to Washington, declared today in an interview with the United Press. This statement was made during a discussion of Japan's recent proposals to China for a settlement of the long standing controversy over the return of Shantung.

ONE KILLED, TWO HURT IN ATTEMPTED JAIL BREAK
CHICAGO, Sept. 14.—One convict was killed and two seriously wounded today during an attempted jail delivery at Joliet prison, near here. Six prisoners, all serving terms for robbery, sawed the bars of their cells and climbed to the roof of the administration building. Edward Thorpe and Carl Stetena jumped to the ground and escaped.

PRESIDENT DE VALERA'S REPLY WILL COME TONIGHT
LONDON, Sept. 14.—President de Valera's reply to the British invitation to a conference at Inverness September 20 will be issued for publication at 7 o'clock this evening, it was announced today. The British public today awaited the Irish reply with anxiety. Optimism and certainty that Sinn Fein decided to accept Lloyd George's proposals for a conference were dispelled by the report that yesterday's couriers to Gairloch, where the premier is on his vacation, came for "further information" and not with a note of acceptance.

ARBUCKLE TRIAL CHARGE TO DEPEND UPON INQUEST
SAN FRANCISCO, Sept. 14.—Whether Roscoe ("Fatty") Arbuckle will face trial for murder or for manslaughter probably will be determined by the outcome of the coroner's inquest today, the district attorney's office indicated this morning. If the coroner's jury finds that the life of Miss Virginia Rappe was taken in the wilful commission of a felony—that she was murdered—then the district attorney probably will insist upon prosecuting Arbuckle on the murder charge sworn to two days ago by Mrs. Bambina Maude Belmont, "the avenger." If the jury returns an "open verdict" leaving a doubt as to the exact cause of death; or if it finds death was from a natural cause; or includes any action tending to exonerate the fat comedian, then the district attorney's office probably will prosecute on the indictment for manslaughter voted by the grand jury early today. The inquest was expected to end by early afternoon. The coroner's jury cannot free Arbuckle, but its verdict was looked upon as a sort of a test vote on the question of his innocence or the degree of his guilt.

INTERNATIONAL COURT OF JUSTICE IS NOW REALITY
GENEVA, Sept. 14.—The world's fifty year dream of an international court of justice became a reality today when the league of nations elected eleven judges and four deputies to the world court. John Bassett Moore of the United States, member of the permanent court at The Hague, was elected by the assembly on the second ballot this afternoon. On the first ballot nine judges were chosen. There was the keenest political "logrolling" for the positions, the South American countries, being strong in numbers, holding the balance of power in many instances. League delegates today declared the establishment of the international court of justice to be far and away the most important undertaking of the league of nations. On the first ballot today Elihu Root received the vote of six nations, John Bassett Moore received twelve votes on the first ballot, Dr. Roscoe Pound, dean of the Harvard law school, six, and Sir Robert Borden, former premier of Canada, twelve votes. The council and the assembly of the league voted separately. Dr. Max Huber of Switzerland was elected a justice of the court on the fifth ballot. Dr. Huber is legal adviser of the Swiss foreign office and professor of law at the University of Zurich.

\$30,000 STORE AND APARTMENT BLOCK WILL BE BUILT

**John W. Lawson to Build on
Brand Boulevard Between
California and Wilson**

J. C. May for the firm of May & Hellman, contractors and builders with offices at 209 East Broadway, reports that he is preparing plans and specifications for a two story brick business block for John W. Lawson, former resident of this city and well known in realty circles. The building will have five stories on 100 foot frontage on Brand boulevard between Wilson and California avenues. There will be sixteen apartments upstairs.

Mr. Lawson's property faces east and is one of the best locations in the city. The improvement, as completed will cost in the neighborhood of \$30,000. Every modern convenience is being incorporated in the plans, according to Mr. May.

If present plans are carried out, three of the storerooms will be 16½ by 65 feet and the other two 24 by 65 feet, the depth of the building. Construction will start in the near future.

Much Work in Sight.

May & Hellman report the new Citizen's building which will house the Chamber of Commerce headquarters is progressing with expected rapidity. Construction work now contemplated will give the firm's building crews eight months work, according to Mr. May.

"There is some difficulty in obtaining skilled artisans," said the builder in discussing the local situation. "There are many men looking for work, but few can qualify for the positions offered."

Store Building of Brick Will Be Built, Broadway and Louise

Several loads of bricks upon the lot at the northwest corner of Broadway and Louise street promise a new building here before long.

Sam Stoddard, local real estate man, stated yesterday afternoon that W. S. Knott of Hollywood, who owns the property, already has advertised for bids and probably will let the contract for a brick store building.

The corner room will be twenty feet wide and the other two fifteen, while the depth of the building will be sixty-five feet. There will be a small sales room on Louise street. The structure will be of brick with cement floors and have the regulation plate-glass windows. The exact cost is not yet known.

Bungalow Court for A. J. Brunt Is Being Rapidly Completed

The "Louise" bungalow court belonging to J. A. Brunt, and located on the west side of Central avenue between Harvard and Colorado, is now about half completed and probably will be ready for occupancy in a few weeks.

Half of the little houses have already been rented and work is being hurried forward in order that the tenants may move in. Most of the plastering is finished and the interior woodwork is being painted in a cream yellow.

Today Mr. Brunt is busy supervising the grading of the court preparatory to having the sidewalks laid and the grounds planted.

Keleher of 528 North Louise street was a guest at the banquet given at the Ambassador hotel last night for the members attending the National Insurance convention, which is being held in Los Angeles. Mrs. Keleher was a member of the reception committee at the reception which was given later in the evening.

Mr. Keleher returned recently from a month's business and pleasure trip to Salt Lake City, Omaha, Des Moines, Chicago, Buffalo, Niagara Falls, Indianapolis and other eastern cities.

LANDER STEVENS IN PERSON TONIGHT AT GLENDAL

"Keeping Up With Lizzie" Is
Local Character Actor's
Latest Film Success

Lander Stevens, one of the really
fine characters of both stage and
screen has created the important role
of Socrates Potter in the Rockett
Film Corporation's big production of
Irving Bacheller's story, "Keeping
Up With Lizzie," a Hodgkinson re-
lease which will be shown today and
tomorrow at the Glendale Theatre.

And the thing which interests
Glendale people most is the fact
that Mr. Stevens resides here
with his family. He will per-
sonally appear at the close of the
first performance each evening
and get acquainted with his
townspeople.

The following sketch will give an
idea of the story: Paw and maw did
not know their little girl when she
came home from college. Maw did
not know whether a tiara was some-
thing to eat or part of an automobile
till Lizzie became "addicted." The
price of eggs went up to pay for Liz-
zie's schooling, and Dan raised chick-
ens while Lizzie raised the dickens.
She is none other than Enid Bennett.
Harry Sweet in "Stealing Home"
and other attractions round out the
bill.

Mrs. Nanno Woods' Dancing Classes to Again Be Feature

The newcomers to Glendale, and
their numbers are increasing, will be
especially interested in the an-
nouncement recently made by Mrs.
Nanno Woods and daughters of the
inauguration of "Get Acquainted"
dancing classes. The popular weekly
ballroom dancing classes will be re-
opened tomorrow night, September
15. The floor space of the Woods'
studio has been enlarged and is one
of the finest private dancing floors
in Glendale.

Mrs. Woods and daughters have
been residents of Glendale for thir-
teen years and are well acquainted
with the people and affairs of the
community, which conditions make
it quite different from the ordinary
dance halls and especially desirable
to those who have recently decided
to make Glendale their home.

Besides the regular ballroom
dancing classes Mrs. Woods and
daughters also give instructions in
Russian ballet and Morgan dancing,
women's physical culture, children's
dancing and are also introducing the
Mary Pickford polka.

Bebe Daniels Vies With 'Beau Revel' on Palace Grand's Bill

Masquerading as a poor flower girl
though she is a millionaire's only
child, Bebe Daniels makes a hit in
"The March Hare," the current fea-
ture at the Palace Grand.

When father and son find that
they are in love with the same girl
there is bound to be a dramatic sit-
uation of remarkable power and in
Thomas H. Ince's picturization of
Louis Joseph Vance's novel, "Beau
Revel," also on the program, it forms
one of the biggest scenes ever thrown
on the screen. The father is played
by Lewis Stone. His son is Lloyd
Hughes, and Florence Vidor gives a
capable presentation of Nellie Steele,
the dancer.

Kinograms, the latest news views,
completes the big bill closing tonight.

Arden Avenue Now Improved; Motoring There Is Pleasure

It is a real pleasure for residents

tral avenue on Arden avenue. It re-
cently has been improved, the scars
of the flood in February, 1914, being
removed. With check dams effect-
ively controlling the waters of Ver-
dugo wash, the new roadbed will
wear for years.

Appreciative Crowds at Vaudeville Show

Local people can't help liking
McKieleigh & Dunn vaudeville pro-
grams being presented at the Glen-
dale Theatre Tuesdays and Sat-
urdays. Aside from being big time num-
bers, the acts provide clean enter-
tainment for the whole family.

Take yesterday's offering for in-
stance: The Sylva dancers proved
that six comely girls in classical
numbers are appreciated. Harold
Chapman, violinist, presented more
of the classical in several solos which
were warmly applauded. Henry
King, noted as an Irish tenor, was
recalled, while the Three Jacks, who
literally waved the green flag of
Erin, were forced to answer three
encores. Gene Fowler, balancing
tumbler, closed the show with nov-
elty worthy of praise.

How Much Does It Mean to You To Keep Your Wife Young?

—Who hasn't met old women of 25, and young
women of 40? It isn't years alone that age—
any physician will tell you that undue expendi-
ture of physical and mental energy will make
the young old at 30.

—It is such things as washing that soonest
wear women out—handling of heavy clothes;
stooping and lifting; working in cold water,
and then hot; wet feet; trotting in and out
from a warm, steamy room, to a cold outdoors.

—And there's really no need for it—we can do
the whole washing for the family, at a cost
that's most moderate—less, in fact, than it
costs to call in a laundress.

COMMITTEE TO HOLD CLUB WOMEN HOLD CONFERENCE WITH MEETING BEHALF FAIR OFFICIALS VALLEY'S FAIR

C. of C. Wants to Learn How Pledges Being Secured for
Glendale Day Will Be Aid; All Committees in
Observed at Show Session Finish Plans

Reports of committees and ap-
pointment of others featured yester-
day's session of the Chamber of
Commerce directors. Secretary
James M. Rhoades and a committee
of three will motor to San Fernando
this afternoon to confer with the
fair officials and investigate how
Glendale will be represented. Tues-
day of next week is Glendale's day
at this big exposition and everybody
possible is urged to go from here
and show the valley the spirit of
progress prevailing here.

Directors J. A. Newton, George
Bentley and J. G. Huntley were
named to appear before the City
Council and ask for an appropriation
to the "All-Year-Round club"
\$300,000 fund for advertising south-
ern California.

Publicity Is Promised
Director Jesse Smith reported a
Los Angeles newspaper visited by
his committee agreed to give Glen-
dale favorable publicity whenever
possible. W. E. Hewitt accompanied
him to the publisher's office.

F. Sanders, assistant secretary,
and others, related incidents how
visitors failed to see Glendale on ac-
count of the way the large electric
signs on San Fernando Road were
placed. The former told of "Doc"
Saunders passing through this city
eight times and deciding on Burbank
as a location for his paint store be-
cause he thought the old Tropico
business district was Glendale
proper.

Referred to Committee
Only when Mr. Saunders' sister in-
sisted that he had not seen the
Brand boulevard and Broadway busi-
ness section did the paint store pro-
prietor learn the true facts and es-
tablish his store here.

The matter was referred to a spe-
cial committee headed by Director
Peter L. Ferry for investigation.
Other questions regarding tourist
traffic through this city were dis-
cussed without taking any action.

Mayor Robinson to Attend Gathering of Municipality League

Spencer Robinson, mayor of the
city of Glendale, is in receipt of the
following communication from S. L.
Berkley, mayor of the city of Santa
Monica:

"Dear Friend:—As a member of
the official family of your city and
therefore interested in the problems
confronting you, we call attention to
the coming Convention of the League
of California Municipalities to be
held here September 27, 28, 29 and
30.

"Information from the secretary is
to the effect that the meeting will
be replete with topics of vital inter-
est to every one serving a community
in an official or legislative capacity.
If so, your city owes your presence
for its own good and also the good
you may do others.

"The city officials of Santa Moni-
ca most cordially invite you and
promise proper attention to every de-
tail for your comfort and conveni-
ence. We will also have a little fun.

"Two circular letters have been
mailed to the mayor and council.
Will you please read them, follow in-
structions as to reservations, and
come. We will be glad to meet you."

Mayor Robinson today wrote to
Santa Monica saying he would attend
the gathering. Other Glendale offi-
cials will also be present, including
City Manager William H. Reeves.

PROMISE TAX REDUCTIONS

WASHINGTON, Sept. 14.—Promi-
ses of more effective tax reduction
in 1923 will be made to the taxpay-
ers when the administration's \$3-
200,000,000 tax bill is put through
this year. A complete revision next
year of the bill being written today in
the senate finance committee is al-
ready being planned by Senator Fer-
nandez and other administration
leaders.

The exact extent to which the war
taxes will remain is not yet certain.
The finance committee today is to
decide what proportion of the war
tax on railroad freight and passen-
ger rates will be kept. Certain
other war taxes also are being "held
in reserve" by the committees to be
used only if it is found necessary in
raising the \$3,200,000,000 required.
But it appears certain taxes on to-
bacco, candy and similar articles will
remain. Automobiles will continue
the war tax, as will movie and the-
atre tickets and many articles of wear-
ing apparel.

PRISONER TAKES BLAME
ROSEBURG, Ore., Sept. 14.—L. S.
("Chief") Balliet, Dr. Richard M.
Brumfield's sole jail mate, assumed
all blame today for the two prisoners'
suspected attempted break from the
Douglas county jail Monday.

Pledges Being Secured for Aid; All Committees in Session Finish Plans

A special meeting of the members
of the Glendale committee for the
San Fernando valley fair, the
Shakespeare section of the Tuesday
Afternoon club and the Literary sec-
tion, was held yesterday afternoon at
the home of the curator of the
Shakespeare section, Mrs. A. H.
Montgomery of 415 South Central
avenue, at which time matters per-
taining to the Glendale concessions
at the fair were discussed.

Members of these two sections are
and have been soliciting pledges from
the members of the Tuesday After-
noon club for home-made cakes, pies,
doughnuts, sandwiches, which to-
gether with coffee, tea, etc., will be
sold at the fair for the benefit of
the new clubhouse building fund.

Support Is Expected
It is anticipated that the usual
support, which is given by the peo-
ple of Glendale to the activities of
this active women's club, will be af-
forded them at the fair.

Hatz' shop has donated a beautiful
fur scarf, the Yarbrough millinery
store a hat and H. S. Webb & Com-
pany a fancy basket, which will be
disposed of at the club concession.

At yesterday's meeting also a par-
tial list of members who will be in
charge of the concession were ap-
pointed.

A meeting of all committees is be-
ing held at San Fernando today to
complete plans for exhibits at the
fair.

Carol Willisford, Teacher at Redondo, Visitor in Glendale

Miss Carol Willisford, former res-
ident of this city and local high
school graduate, was in Glendale dur-
ing the past week-end visiting with
old acquaintances and neighbors. She
has just recently returned to South-
ern California from Houston, Texas,
where she enjoyed the summer with
her parents, Rev. and Mrs. E. H.
Willisford.

Rev. Willisford was the founder
of the local Congregational church
on Wilson and Central avenues, and
held the pastorate there until two
years ago. Last winter he and his
wife and small daughter, Joy, went
to their present home in Houston,
where Rev. Willisford is now minis-
ter of the First Congregational
church of that city.

Miss Willisford, who graduated
last January from Pomona college,
was immediately engaged as teacher
at the Redondo Beach high school,
where she returned this week to re-
sume her position. She instructs
classes in English and higher mathe-
matics.

Harry Glazier Back at University Work

Harry Glazier of 320 East Lomita
avenue, who has been attending the
Southern Branch of the University of
California as a vocational student of
the government, returned to his stu-
dies at the Los Angeles institution
this week, after having enjoyed a
two weeks' vacation. Most of the
outing was spent at Catalina Island,
where he was the guest of a party of
friends.

BOARD EDUCATION MEETS

The problem of making the cafe-
teria capable of handling the in-
creased patronage, due to the much
larger enrollment at the high school
this year, was one of the subjects
discussed at last night's meeting of
the board of education. The cafe-
teria was in operation from the open-
ing of school this term. The night
school was also commented upon and
formal approval was placed upon
and formal approval was placed upon
the text books now in use.

PIANO FOR HIGH SCHOOL

The purchase of a new high grade
piano for the high school is being
contemplated by the board of educa-
tion. It will replace an older instru-
ment. The new piano will be used
by the music department and the
music clubs. It will be bought as
soon as prices and qualities have
been investigated thoroughly.

DISTINGUISHED AS STUDENT

Miss Evelyn Louise Apple, who
distinguished herself at Glendale
high school last semester by carrying
six solids and securing marks rang-
ing from ninety-five to a hundred in
almost every one, is now attending
Los Angeles high school. She is a
daughter of J. P. Apple. The family
recently moved away from this vi-
cinity.

An "animal special," bearing half a million dollars' worth of champions in the world of horses, cattle and swine, arrived in Los Angeles yesterday from Sacramento, where the unique passengers carried away prize after prize from animals from other parts of the state, and they have come to win fresh honors at the Los Angeles county fair to be held at San Fernando next week.

Takes Policy of "Hands Off"

By overwhelming vote the Pasadena Chamber of Commerce has decided not to become a "class organization," as one of its officials terms it. The result of a referendum just held to determine whether the organization should keep its hands off "politics, religion and labor" question resulted in a vote of 364 against considering those subjects and only 32 in favor of handling them.

Former Transport Is Due

The U. S. S. Great Northern, former army transport, is expected to arrive at San Pedro tomorrow on the way to the Atlantic coast to become administrative flagship of the Atlantic fleet, according to advices received yesterday by the commander-in-chief of the Pacific fleet aboard the flagship of New Mexico. Families of officers and men of the battleships Arkansas and Wyoming, ordered to join the Atlantic fleet, will be transported by the Great Northern. It will leave Friday and stop at San Diego.

Great Building Is Proposed

Deeds are in escrow for property in the 1400 block on Figueroa street in Los Angeles belonging to Harry Mitchell, and upon which, it is understood, H. A. Ungar and I. D. Watson, the purchasers, plan to erect a \$1,200,000 building in the near future.

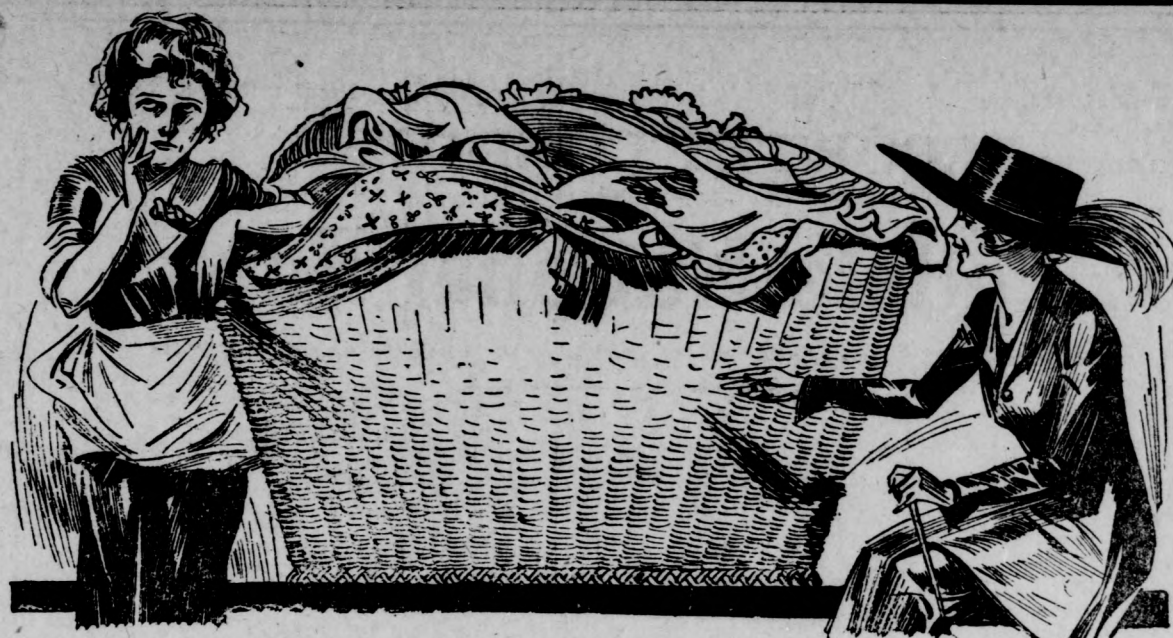

Jimmy Murphy Coming Home

Jimmy Murphy, idol of the motor racing fans of America, and winner of the Grand Prix classic, July 28, at Le Mans, France, is coming home. He will arrive in Los Angeles at 1:30 o'clock this afternoon over the Salt Lake railroad, and will be welcomed by a reception committee headed by Mayor George E. Cryer.

Reports Largest Sunflower

Ernie Schweitzer, whose age is 9, rises to claim the honors for the largest sunflower. She has one at her home, 146 Belmont avenue, Long Beach, that measures two feet across the face. The stalk is eighteen feet high. Ernie, who is the daughter of Mr. and Mrs. E. Schweitzer, planted with her own hands the seed from which this and other monster sunflowers have grown.

A man who can play the fiddle, but doesn't, is always a desirable neighbor.

What This Nuway System of Laundering Means to the Housewife:

It means complete laundering service that takes all the work of wash-day out of the home.

It means an end to vain waiting for and bickering with laundresses.

It means relief from the carrying and lifting, and rubbing and scrubbing which home washdays entail.

It means an end to running in and out from a hot, steamy room to a cold outdoors—it means protection of health.

It means freedom from all that is associated with washdays in the home.

It means prompt collection and punctual delivery.

It means immaculate ironing and exact folding.

It means a service of sanitation and sterilization.

It means your bundle washed and completely ironed at practically the same price as rough dry.

PRISONERS ARE DEPORTED

WASHINGTON, D. C., Sept. 14.—Deportation of political prisoners of foreign birth is planned by the department of justice, it is learned. The department has under consideration the cases of Jacob Abrahams, Samuel Lipmann and Hyman Lanekowsky, who are serving time at the Atlanta penitentiary for violation of the selective service act. All three are Russians. Through the state department the government has taken up with soviet officials the question of reception of the three prisoners if they are released and deported.

ASK DELAY INVESTIGATION

WASHINGTON, D. C., Sept. 14.—West Virginia coal interests have asked for a postponement of the senate investigation on the Mingo mine war. In a telegram to members of the senate labor committee the coal operators requested that the investigation be delayed until after murder trials growing out of the mine war have been finished. The committee will meet today to decide whether to carry out its original plan which calls for hearings in Williamson, W. Va., beginning next Monday.

UKIAH—L. B. Payne got tired missing his chickens. He therefore installed a home-made alarm system in the coop. The first night it was installed, he got on his nightcap, took his rifle in hand, and sat by the window and waited.

Of a sudden the alarm began to ring. Payne brought up the rifle, and shot five times at the trap which the thief had touched off. Then he ran out to pick up the lifeless body of the thief. Instead he found only a large portion of trousers hanging on the barbed wire fence near the coop. The thief has not returned—either for more chickens, or to claim his missing portion of trousers.

We need doctors, nurses and undertakers—to be sure. But we need comedians and clowns, just as much.

CONFERENCE ON DIVISION

LONDON, Sept. 14.—Paul Doumer, French minister of finance, has begun a series of conferences with Sir Robert Horne, chancellor of the exchequer, regarding the division of the first payment of one billion marks, received from Germany. It had been agreed that 530,000,000 should be paid to Belgium and that the remainder should be divided after first paying the expenses of the armies of occupation. This decision created a political crisis in France and resulted in Doumer handing Briand his resignation, which the French premier refused to accept.

SCHOOLS OF NATION FIND HOUSING INADEQUATE

Situation Here Typical of That
Facing Every City, Says
United Press

Indicating that Glendale is not alone facing a crisis in the matter of insufficient school facilities, the following dispatch sheds light on the situation existing throughout America and makes more emphatic the necessity of providing this city with buildings and grounds for an educational system that will attract home-makers:

By HAROLD D. JACOBS
United Press Staff Correspondent
NEW YORK, Sept. 14.—The housing shortage is seriously crippling the nation's schools.

Practically every large city in the country is confronted with the problem of meeting record enrollments of pupils with inadequate facilities for sheltering them, according to telegraphic advices to the United Press today.

The situation has resulted in various makeshifts, such as "part time" systems, hasty erection of flimsy structures and the use of portable buildings. Over-crowding of the schools, it was shown, is giving future citizens their education on a sort of installment plan.

The lack of school room space is due to high price and scarcity of building materials, difficulty of the municipalities in obtaining funds and failure of builders to complete structures within contract time.

Only seven out of 33 cities reported conditions near normal.

In New York the total school attendance is expected to be more than 900,000. There will be about \$10,000 in the elementary schools, an increase of 12.5 per cent over last year. Between 90,000 and 100,000 pupils will be on "part time." In the high schools the situation will be even worse, an expected enrollment of 90,000 being a gain of 16.2 per cent.

Over Billion Every Year Is Estimated Tax Dodgers' Toll

By L. C. MARTIN

WASHINGTON, Sept. 14.—Tax dodgers are getting away with more than \$1,000,000,000 every year that ought to go into the United States treasury.

That's one reason, treasury officials and members of congress admitted today, why the rest of the American people are called on to bear such heavy tax burdens.

It is also the reason congress proposes certain changes in the tax law, to plug tax leaks through which millions of dollars yearly are lost.

If Uncle Sam could collect every year what he loses because of "tax free securities" he would have to levy \$700,000,000 to \$1,000,000,000 less in taxes on other things, officials agree. These tax free securities represent the greatest aid to tax dodging by the rich. It is variously estimated that there are from \$14,000,000,000 to \$34,000,000,000 of them outstanding. The government can't touch them with its taxing power because of a constitutional limitation on its authority.

FRESNO CO. TAKES PRIZE

SACRAMENTO, Sept. 14.—Fresno county, for the second time in two years, has won the grand prize at the state fair for the most complete and best exhibit of products. Kings county was a mighty close second with Yolo county third, Placer fourth, Stanislaus fifth, San Joaquin sixth, Humboldt seventh and Mendocino eighth.

The large variety of fruits exhibited won the prize for Fresno county. First prize for mineral display went to Calaveras county with Placer second. Mendocino county was awarded the prize for the best feature exhibit. Riverside was second, and Kern third.

FLEE WITH LOOT, CLAIMED

SALT LAKE CITY, Utah, Sept. 14.—Three of the five bandits who held up the bathers at Beck's Hot Springs Monday night and secured \$20,000 in cash and jewelry have fled with the loot, according to the local police. Harry Hamilton and C. W. Jones, who confessed to their part in the holdup have been sentenced to serve indeterminate terms in the Utah state prison.

HURL BOMBS; NONE KILLED

TOKIO, Sept. 14.—Two bombs were thrown yesterday in the government general offices at Seoul, Korea, according to word reaching Tokio. There were no casualties. Only one of the bombs exploded. It did heavy damage to the building. It was believed the bombing was an attempt on the life of Governor Saito.

A good laugh is sunshine in any house, but a silly, simpering laugh is only a tallow-candle imitation of the sunlight.

France's Displacing Germany As Mecca for U. S. Students

By EDWIN HULLINGER
United Press Staff Correspondent
PARIS—That Paris and other French university cities have already taken the place formerly held by Berlin and Heidelberg as meccas for ambitious American college students has been revealed by statistics recently compiled by the American University Union in Paris.

American young people are flocking to France now in even greater numbers than they formerly did to Germany, largely as a result of the excellent publicity work of the returned doughboys. Some of the students, of course, were in France themselves during the war.

More than 400 Americans are formally registered in the various universities of France this summer. Three-fourths of these are at the Sorbonne, Paris university. Grenoble, in the French Alps, has attracted about fifty. Dijon reports another fifty.

Paris also bids fair to replace Berlin as a finishing place for American musical students. A large number of students of piano and voice are already studying in Paris, and the number is steadily increasing.

As always, the Latin quarter is alive with Yankee art students. The Rotonde, famous rendezvous of students and birthplace of the Bolshevik revolution, cubism, and many other isms, has been turned into a regular American hangout, where English is more often heard than French.

FOUND BY MEREST CHANCE

BERKELEY—Some of the most popular varieties of fruits have been developed by merest chance, according to F. M. Butterfield, supervisor of agricultural correspondence courses at the University of California. The Eureka lemon, the Drake variety of almond and the Lambert cherry are all examples of fruits that have been produced only through chance discovery through grafting on standard varieties. Butterfield declares, The Washington navel, one of the most popular kind of commercial orange, was discovered through the transplanting of twelve trees from Bahia, Brazil, to California.

NO, IT WAS NOT BURGLARS

PASADENA—Police men, rushed in answer to the burglar alarm at a local hotel, listened intently. It was a strange sound, and certainly did suggest burglars at work. But investigation showed that it was just the famous horde of Pasadena rats again performing.

After serving a nine-months' jail sentence and thirty days additional, a Portland, Ore., man took the pauper's oath recently to escape payment of a \$1000 fine, also imposed by the court.

SECRETARY SEEKING DRASTIC CHANGES FOR TAX BILL

Would Repeal Excess Profits Levy as of January 1, 1921; Uses Ax Hard

WASHINGTON, D. C., Sept. 14.—Changes in the house tax bill recommended to the senate finance committee by Secretary Mellon included: Repeal of the excess profits tax, effective as of last January instead of next January 1.

Retention of all transaction taxes for 1922, but at half the present rates instead of complete repeal as of next January 1.

Repeal of the capital stock tax, effective next year, a new proposal.

Reduction of the maximum income surtax rate from 63 per cent to 25 per cent, effective next January 1, instead of 32 per cent as provided in the house bill.

An increase of 5 per cent instead of 2 1/2 per cent in the normal corporation income tax, making the total 15 per cent, retroactive to last January 1.

A manufacturers' tax on cosmetics and proprietary medicines to replace present stamp taxes, which were eliminated by the house.

Retention next year of the taxes on insurance premiums, but at one-half present rates.

Rest of Bill Approved

With these exceptions the secretary was understood to have approved the house measure with its provisions for an increase of \$500 in the exemption to heads of families having net incomes of \$5000 a year or less and \$200 additional for dependents; for decreased rates on sporting goods, yachts and furs and for manufacturers' taxes on fountain syrups and other ingredients of soft drinks in lieu of the so-called nuisance taxes.

The secretary placed the probable revenue needs of the government for this fiscal year at \$4,034,000,000 on the basis of the reduction in expenditures agreed on at the White House tax conference last August, and estimated \$800,000,000 of this total would be raised from nontax sources, leaving \$3,234,000,000 to come from internal taxes.

Reasons for Proposals

This total is \$134,000,000 less than the estimated receipts under the house bill for this year, the difference being accounted for through repeal of the excess profits tax as of last January 1. It was to make up the loss from the profits tax that Mr. Mellon proposed an additional 2 1/2 per cent increase in the corporation income tax, retention of the transportation and insurance premium taxes and restoration of the taxes on cosmetics and proprietary medicines.

Explaining his proposal for a further reduction of 7 per cent in the maximum income surtax rates, Mr. Mellon was said to have declared that the lower rate eventually would return a greater yield to the government than the 32 per cent rate, because additional money would be devoted to active business instead of being invested in tax exempt securities.

Dublin Showing Marks of War; People Happy

DUBLIN—The main street of Dublin—O'Connell, if you are a Republican; Sackville, if you are a Unionist—is being rebuilt. This business section, which was shelled by the British artillery when held by the Republican forces in the Easter rebellion of 1916, is now being faced with neat new stores and office buildings.

Two bleak scars mar the city. The fine stone postoffice, the most imposing building on that street, was shelled in the rebellion till nothing but the four gaping walls and a heap of debris within remained. The other is the custom house, burned by the Republicans early this summer, a large stone structure left a ruin, with the small domed tower still topped by a sad statue.

The people of Dublin look like the houses, some of them fine, but most of them shabby. The children in the streets are frequently without shoes, and there is more begging than in Vienna.

Some of us succeed, some of us fail by the wayside, but as a rule the one who tries hard comes out well to the fore.

Bats are the only mammals which have the power of flight.

We Now Sell the Hudson Super-Six and Essex

*Hudson Supreme in Beauty, Performance, Endurance.
Essex, Lighter and Smaller, Dominant in Its Type.*

In making this announcement that we now sell Hudson and Essex we realize a long standing ambition.

You, as well as we, have long recognized the unquestioned superiority of these cars. You know how Hudson Super-Six has proved its leadership in speed, power, beauty and endurance. You know how Essex, smaller and lighter than Hudson, has established its supremacy over every car of its weight, size and price—and over many much larger, more expensive cars.

You know that the same men designed both Hudson and the Essex, and that they are built in the same factory. The same careful construction goes into both cars. Each is a masterpiece of the the designer's art and mechanical perfection.

The Super-Six Motor Exclusive in Hudson

Everyone knows how Hudson, with its exclusive Super-Six motor, set the world's worth while stock car records for speed, power and endurance.

The Super-Six motor gives every Hudson 72 per cent more power with no added weight. And it decreases vibration so that automobile life is increased far beyond its previously known limits.

This endurance, more than its power and speed, makes Hudson the world's largest selling fine car. To you it means dependable, every day transportation and high sale value after long, hard service.

Remember, also, that Hudson is leader in beauty and style. For years it has been the pattern car of motordom. Types it created are now standard with all fine cars. And today, as always, it is foremost in design and development of comforts and refinements.

Essex Has Proved Supreme Endurance

Essex has demonstrated power, speed and endurance never before expected of a car of its weight.

A stock chassis set the world's official fifty-hour endurance mark of 3,037 miles on the Cincinnati Speedway. In 94 hours, 22 minutes driving time it went 5,869 miles, averaging over a mile a minute, yet showed no wear.

This dependability ranks Essex with far costlier cars. So does its beauty. Its design, fittings and finishing command instant attention.

Add to these fine car qualities the fact that Essex excels other light cars in easy driving, nimbleness and acceleration, and you have an idea of its merits. To appreciate them fully you must drive this car.

And in price and saving of gasoline, oil and tires it fully meets your ideas of motor economy.

We have long wanted the Hudson-Essex franchise, but it was not easy to get. That we now have it fulfills our ambition to deal in the finest, most satisfying cars made. And our selection is a great company's recognition of our high sense of responsibility, its appreciation of our ability to serve you.

Come see the Hudson Super-Six and the dominant Essex in our store today.

100,000 AWAITING HUDSON AND ESSEX TRIALS IN U. S. COURTS NOW AGENCY IN THIS CITY SECURED

Attorney General's Forces Are Overwhelmed by Large Number of Cases

By RALPH F. COUCH

United Press Staff Correspondent

WASHINGTON, Sept. 14.—A nation-wide wave of law violations today taxed the energies of several government departments.

Attorney-General Daugherty is giving personal attention to the situation with the assistance of government detectives, members of the cabinet and a special committee of lawyers.

Crime, especially offenses against the federal government, has increased approximately eight times since the pre-war period, records of the justice department and of the federal courts show.

100,000 Cases Await Trial

Nearly 100,000 criminal cases brought by the government and its agents now are awaiting trial in the federal courts. The department of justice is spending nearly \$20,000,000 a year in maintaining courts and the number is insufficient to cope with the situation.

Attempts to defraud the government generally follow the lines of raising checks, counterfeiting coins and bank notes, presenting false petitions for compensation to the war risk bureau and the like.

Mail robbers obtained in loot approximately \$6,000,000.

Violations of the prohibition law also are crowding the courts.

Watching Scoreboard

Cleveland closed in on the Yankees yesterday by a full game and are now within a half game of the American league leaders.

The Indians trimmed the Athletics while Dick Kerr gave the White Sox his sixth victory over the Yanks in seven starts.

Yesterday's hero—Harry Hooper, hit two homers, a single, walked two times and scored four runs, giving the White Sox a 6 to 2 win over the Yankees.

Cleveland crept within a half game of the league-leading Yankees when the Indians trounced the Athletics, 11 to 5.

Irish Meusel's triple in the twelfth inning scored Kelly with the run that gave the Giants a 4 to 3 victory over the Reds.

Detroit knocked Sam Jones out of the box and beat the Red Sox 7 to 2. Ring outpitched Keene, a recruit and the Phils defeated the Cubs, 4 to 2.

The Browns had a slugging bee at the expense of the Senator pitchers, and won, 15 to 1.

Fast fielding behind Carlson's good pitching gave the Pirates a 5 to 3 win over the Braves.

CACTUS THORNS ARE CLEW

ALBUQUERQUE, N. M., Sept. 14.

Cactus thorns led to the capture of Francisco Biza and Carlos Renteria, confessed murderers of A. C. Courey, Duran, N. M., who was killed recently. Bloodhounds picked up the trail from a trampled cactus bush.

Biza and Renteria were found to have cactus thorns in their legs. Authorities obtained their confessions after hours of questioning.

W. H. Reilly and L. S. Davis in Charge of Two Cars in Glendale Vicinity

A distinct surprise to local automobile row was the acquisition last week of the Hudson and Essex agency for this vicinity by W. H. Reilly and L. S. Davis, of the Glendale Hudson Motor Car company.

A careful investigation of the merits of the automobiles in question as well as some consideration of the reliability and financial strength of the manufacturers influenced the decision on the part of the Glendale dealers.

"It is essential today," says Manager L. S. Davis, "that a passenger car be sturdy, economical and comfortable. These important features have been most earnestly characterized in the Hudson and Essex models from the exterior finish to the smallest bolt in the car."

H. L. Arnold, southwestern automobile distributor for California, Nevada and Arizona, remarked:

"In appointing the Glendale Hudson Motor company dealer of Glendale, I do so with full confidence that present and prospective owners of the Hudson and Essex will derive maximum benefit by the personal interest, attention and good judgment of L. S. Davis, the manager. His experience has been such as to assure him the co-operation and support of the best business interests of his community."

Select Right Color for 'Slacker Lists' Now Being Displayed

Yellow is the tint for the official slacker lists from the war department now being issued from time to time and posted in conspicuous places in order that all may observe the infamy of those who deserted their country in its hour of need.

Two of these lists of dishonor are now bulletined in the Glendale branch postoffice over the signature of Major M. Wright, commanding officer at the headquarters of the Ninth Army Corps, San Francisco. It contains the names of no Glendale young men, but instead the names of three men from Puente and three from Los Angeles. For their arrest and detention a reward of \$50 is offered. Payment of moderate expenses is additional.

These bulletins suggest that any young man of draft age, who is doubtful as to his standing in regard to the draft, should either communicate with the nearest army headquarters or with the adjutant-general's office at Washington.

Heavy Demand Being Made for Admission to 'Persian Garden'

With the time drawing near for the presentation of the elaborate production of "In a Persian Garden," which is to be given Saturday night in Verdugo Woodlands under the auspices of the music section of the Tuesday Afternoon club, many questions are being heard as to the exact location where this spectacle will be given. Work is well under way on the construction of more than 1,000 seats in what was formerly Verdugo park, the entrance of which is from La Canada boulevard, just north of where that thoroughfare branches off from Verdugo Road.

An unusual demand for tickets followed the announcement that the bass soloist would be George Walker, who, it is stated, is the most remarkable bass singer in the United States. The soprano soloist will be Madame Cavaleiri, who is also well known, having been connected with the Boston Opera company for a number of years.

Band Music, Dance at Formal Opening Ford Agency Here

The formal opening of the new quarters of the Ford agency, Colorado and Orange streets, will take place tomorrow evening beginning at 8 o'clock. Jesse E. Smith, local agent, has sent invitations to what are believed to be all Ford owners in the city, but a general invitation has also been extended to all the citizens of the city to attend.

Employees will be present to escort the visitors through the various departments of that concern. There will be a musical program given by a fifteen-piece band, after which music will be furnished for those who care to dance. During the evening refreshments will be served.

After piercing his heart with a seventeen-inch knife, with which he was cutting a rope, a 16-year-old boy in New York City was hurried to a hospital, where surgeons took four stitches in the heart muscles and three in the covering. It is reported that he is recovering.
